Mayor and City Council
City of Alexandria
301 King Street
Alexandria, VA 22314

Dear Mayor and City Council:

We endorse the nomination of Victor Addison for appointment to the Environmental Policy Commission. We believe Vic will be a reliable and committed member of the Commission, just as he has as a Board member of our Civic Association. Vic is well known and popular in the Cameron Station community for his involvement in a wide range of civic issues and causes. He is a person we turn to for research and advice on the environmental aspects of issues that impact our community.

Vic is an U.S. Navy Captain, with an extensive science background that includes degrees in biology and oceanography. He is currently stationed in the Pentagon and plans to retire in Alexandria following his tour of duty. Vic has the technical background to understand complex environmental regulations and issues, experience with City of Alexandria government and policies, and the energy to make things happen. We believe environmental issues will continue to gain prominence in the City over the next few years and Victor Addison is a person to help Alexandria solve them.

Sincerely,

Joseph S. Bennett
President
